Here are the comments on the draft FS that were recently provided to the CAG and EPA by Willamette Riverkeeper, the technical assistance grantee for the Portland Harbor project. The comments were prepared by Environmental Stewardship Concepts (aka Peter deFur).

Subject: Fwd: Draft FS Comments

---

Chip and Alanna -

I'm forwarding the comments I just sent to the CAG to you  
for EPA's consideration.

I look forward to talking with you about these as the consideration of the  
FS progresses.

Travis

**Subject:** Draft FS Comments

Hello -

Here are comments on the Draft FS generated by our consultant for us, and  
the Portland Harbor CAG.

I am also submitting these to the US EPA for their consideration.

There are two documents on the main text, an additional document related  
to the CDF, and a final document regarding sediment.

Let me know if you have any questions. We look forward to a response from the US EPA to these comments.
